TIGERS WELCOME MONAGHAN

The Richmond Football Club today announced the appointment of Ross Monaghan to the role of Football Operations Manager.

Monaghan was previously the Football Operations Manager with the Melbourne Football Club and he has replaced Paul Armstrong, who will shortly commence the role as Development Manager with the AFL Coaches Association.

"Ross is a highly regarded operator and I look forward to working closely with him," said Senior Coach Terry Wallace.

General Manager of Football Craig Cameron paid tribute to Armstrong's contribution to the club.

"Paul has been an outstanding contributor at our club over the past four years. He has built up an excellent rapport with players and staff at the club and he will be sorely missed," Cameron said.
